

Dear Dog Owners,

So that your vacation with your four-legged friend becomes a pleasure, we ask you to consider the following house rules:

- Please inform us before your arrival that you will be bringing your dog. We charge a flat rate of € 70.00 per animal/stay
- Please never leave your dog alone in the apartment or holiday home. Many animals do not feel comfortable in an unfamiliar environment and therefore sometimes react differently than at home.
- Please make sure that your dog does not urinate or leave excrements in the garden.
- Please make sure that your dog does no harm or damage in the apartment / holiday home. Should this nevertheless happen, we ask you to inform us immediately.
- We ask you not to let your pet sleep on the beds or on the couch. Unfortunately, dog hair is difficult to remove.
- During your stay with your dog we will remove the carpets from the apartment / holiday home.
- We, locals, like dogs very much, but our farmers do not like the dogs' excrement in their fields and meadows. For hygienic reasons we ask you to remove the excrement of your pet and take it with you. Dog stations can be found on most hiking trails or you can put your excrement bags in the rubbish bins.
- If your pet should become ill or you need a veterinarian, we recommend the veterinary clinic in Imst: www.tierklinik-imst.at
- We will also be happy to give you tips on where you can let your dog run "freely" or where they can have a "bath". Just ask us 😊

Thank you very much for your understanding and your help!

We wish you a wonderful stay with your four legged friend,

Melanie & Alexander with Lena, Laura and Samuel
